RedCarpet was recently selected as the 30 best startups in India by Inc42 and IAMAI.

Our company mission is "**We Lend Where Banks Cannot See**" - believing we can solve the problems that old, large, slow financial institutions cannot... and building smart technology around that belief.

We take our responsibility seriously - to build technology that unlocks financial services for the billions of Indians that have no alternatives. That is our goal and that should be your goal as well. Grades and college are secondary - what is more important is to work with smart people around you on a mission of a lifetime.
This is our instagram - https://www.instagram.com/redcarpetuplife, our Twitter - https://twitter.com/redcarpetup and lastly our Facebook - https://www.facebook.com/redcarpetup /

Our scholars are treated with the same respect and value as we give our full time employees... in fact a lot of our employees were scholars ! We expect you to hit the ground running - remember that you will be working on production code, apps and designs within a few days of joining. So brush up on your skills..... Because school's over ;)

To do this, please bring a photocopy of your bank statement or cheque book or anything that has your name + account number .

Please note that these things are important and will block your joining if you dont have them, so please let us know of any problems in advance

IMPORTANT: Preparations before joining

- Please make sure you have already installed this Google Device Policy app on your phone beforehand. Its needed for encrypted secure email services. It allows us to wipe your phone if it gets stolen. Also install slack on your mobile (you will get the login details when you join).
- **Operating System** - **Windows 8 is NOT ALLOWED**. There are too many problems with packages. Windows 10, Mac OSX and Linux are all allowed. (We recommend Linux)
- **Hardware -** The most important change you can make to your laptop is to get a **SSD (Solid State Hard Drive)**. It will boost your performance **10X** more than a CPU/RAM. We **HIGHLY HIGHLY RECOMMEND** you buy a 250 GB Kingson SSD (2,500 INR) or Crucial MX500 series (500 GB for 5500 INR). It can mean the difference between a highly successful scholarship and being on the bottom tier. Remember that you cannot use this as an external disk - you need to replace your main hard drive and reinstall your operating system. (You can order from amazon and get someone from Urbanclap to install the SSD + operating system within a few hours)
- **Wifi setup** - we have enterprise grade 5 ghz wifi using Ubiquiti. Some older laptops don't work properly with this setup. If you have a laptop older than TWO years, then please buy a **dual band USB wifi adapter (with 5ghz support)**. One example is this. P.S. Please ensure it works with your laptop and OS. Choose the one that you prefer.
- We again want to repeat - make sure you have a **4 g plan on your smartphone (24/7)** and **broadband internet (or a jio dongle) for your laptop.** Our stipend should help you pay for that - if you are working in a fintech startup, you can never be out of connectivity.
- Also learn how to write testcases in your chosen platform (python or pandas or nodejs or reactjs or android... even if it is scikit, pandas or tensorflow). At RedCarpet we function on the highest level of code quality and writing testcases is an inescapable part of that. WARNING: If you cannot write testcases in your platform+framework, we will block you from working any other code.
- If you are on the tech team (full stack/android/data science) - make sure you have Git Bash (only on windows), Anaconda Python, latest nodejs, and VSCode (for python with debugging extension) or VSCode (with reactjs extension and debugging extension) and Android Studio. Please use pgcli to work on postgres (Also make sure you have postgresql server installed on your laptop and you have connected to it successfully)
- If you are in the Strategy Analytics team, we ask you to make sure you have Anaconda Pytholln and Postgresql setup. Please use pgcli to work on postgres.
- If you are on the design/product team - make sure you have learnt Figma, Adobe Color and Marvel app. Your design will be done on Figma. You will need to pick it up.

  Please make sure you have read Google's Material Design Guidelines (to the extent that you remember the size guidelines for all components) as well as principles of Google's Design Sprint. WARNING: on joining day we will question you about these things in great detail.

What to do on joining day:

- Come to office reception - Ask for any member of the tech team - tell them that you are here for scholarship joining.
- **Please carry printout of this email offer letter with you - please submit this along with other documents so they know which group you are in**
- A RedCarpet Engineering team member will escort you to the engineering area. We call ourselves *Com- reds*
- Finish your paperwork - confidentiality agreements, non disclosure, etc. Please attach printout of offer letter (as instructed above)
- Setup company email account on your phone (yes! we give you a @redcarpet.ai email id) and Slack account.
- You will undergo a 1 week training. During training you will learn multiple technologies - including android, sql, python, javascript. These may be unrelated for the topic of your scholarship, but is essential to RedCarpet's culture - that you should know multiple frameworks as a good engineer. Failure to complete this training program will result in termination of scholarship. "*I dont want to learn X* " is not an acceptable excuse.

Work culture at RedCarpet - https://www.redcarpetup.com/careers/

- *Ownership* - If you are given a task (which might be as trivial as sending an email), make sure you do it... or you come and tell us that you were not able to do it. Dont silently ignore it (or think someone will come and ask you like a teacher). You are now a valuable member of one of the most disruptive startups in India. Take responsibility.
- *Hands on & Low Ego* - As founders, we have still swept floors and cleaned generators using mop cloths. Anything from writing testcases to making phone calls is your job. Make it happen. We dont believe in caste system around work.
- *Reading is much harder than writing* - it is very easy to write code/proposals/designs. It is very hard to read someone else's code/proposals/designs. At RedCarpet we recognize that a lot of poor decisions that are made is because of this problem. If you do something, make sure you have done your research and are able to justify
- *Jugaad* - we encourage jugaad. Dont make things more complex than they need to be, just because they sound cool. Dont use Tensorflow, when you can get the same thing done using vanilla python.
- *Be a Honeybadger* - Never give up.

On completion of scholarship: Once you complete the scholarship, you will receive one of three certificates:

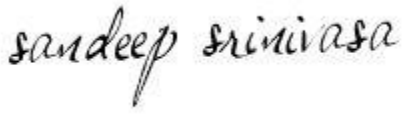

- *Full term scholarship*: given to those that complete full term of scholarship and have satisfactory performance. This will carry commendation by RedCarpet team.
- *Short term training*: given to those that leave early (before completing the agreed tenure of scholarship) or are let go. Will not carry any comments on "performance" or commendation.
- *Exceptional performance at RedCarpet with distinction*: Personally signed by the founders. Only for 1% of scholars every year. The reputation of this certificate has generally led to 100% placement in jobs after the scholarship (either at RedCarpet itself or elsewhere).

Important note for scholarship report - Please make sure no details, screenshots, numbers, statistics of the work you have done here is included as part of the project/scholarship report. As mentioned above, this is covered under non-disclosure agreements. Most colleges understand that scholarship details are confidential and cannot be revealed. Please talk to us when you are making a report and we will help compose it in the right way. We are more than happy to give you a letter that the work done is covered under non-disclosure in case your college needs it.

Failure to comply will result in legal action.

Please get back to us on email confirming your acceptance of this scholarship. Please consider this as an **Official Offer Letter.**

Regards,

P.S. In case you have any questions (regarding timing, schedule, stipend... even lunch menu!), please reply to this email and ask them. We strongly prefer email based clarifications rather than on the phone.
