Department of Management

ELOQUENCE

VOLUME 1

MARCH 2023

FROM HACKETTE DESK

College, and the life it encompasses within it, is the first door that early adults open when they enter into the real world. This life has been known to bring its own set of joys and tribulations that shape us into the best versions of ourselves. We hoped that by documenting these stages of learning, zeal, and dedication, we could create a piece that all of our students would treasure.

That is why we are overjoyed to announce the launch of "Eloquence," the department of management's first student magazine. Eloquence encloses a glimpse of all management activities organized by the faculty and our students with the ultimate aim to instill a competitive spirit as well as camaraderie in us. Whether it's academics, extracurricular opportunities, or social programmes, our magazine reflects the diverse interests and talents of our student body. The name reflects our college's commitment to helping us express ourselves exquisitely.

So join us as we take you on a journey through the pages of "Eloquence" to witness the creativity and passion that runs deep in our community.

College life is undergoing some paradigm shifts just like the world outside the walls of the campus! The new world promises some exciting opportunities and poses certain scary challenges. When working from offices shifted to virtual and digital and work from anywhere, quite a few struggled, resisted, complained initially, but gradually adapted. For some it opened new vistas of learning and working while for some others it stunted their development. When context changes, its impact to individuals differs based on one's response to it. This is true for businesses, communities as well as individuals. As business students, one must be open for changes, wise to analyse and understand the paradigms of changes and persistent to imbibe and adapt to the new behaviours and habits required to be effective in a changed context. Our campus constantly strives to create an ecosystem that support the students and staff to respond proactively and positively to changes and develop themselves.

From: Director's desk

The department of Management is at the forefront in developing mechanisms and processes to support all students to groom themselves to be future business leaders with appropriate skills sets, knowledge and attitude. I would consider "Eloquence" as a newsletter as another endeavor from the department to provide opportunities for the students in honing their skills. Creating digital content, digital design, analysis of businesses and news around, research etc. are a few much needed skills that are addressed when one is associated with creating a newsletter. I hope all students become co-creators of this initiative and develop themselves in the process. I congratulate the team who have worked hard to make it happen and the faculty members who have envisioned and coordinated the process. All the best for this to be a sustainable initiative by the department with relevant and enjoyable content for all its stakeholders.

HOD'S MESSAGE

It is indeed a matter of pride and pleasure for the Department of Management to launch the first edition of its newsletter-Eloquence. An initiation to communicate and document the academic -curricular and extracurricular activities of the department with exhibition of talents and creativity of our young minds, it also brings to light the little achievements that this one-year-old department could attain in its short duration of existence. The leaflets of this newsletter explicitly reflect the enthusiasm and passion of the vibrant minds which the campus withholds.

Blending business and technical studies the Department of Management nurture our students to be competent management professionals and technological experts with necessary knowledge, skills and attitude. Fostering creativity and discovering the inner brilliance of students the department provides a balanced learning environment and every platform that we open offers opportunities for their multidimensional development. While we set another milestone through the release of Eloquence, we aim to strive towards the motto of Enlighten to Excel.

I gratefully acknowledge the committed efforts of the editorial team that resulted in the successful publication. We confidently look forward to more of diverse and brilliant articulations of the colors of campus life in the upcoming editions.

Ms Deepa Sujith

HOD-Management

FRESHER'S 2022

2022

DEAR CHRISTITE ● ● COMMENCEMENT

On the morning of August 29, 2022 the new academic year was officially launched. Excitement and anticipation filled the air as a fresh batch of students arrived on campus. The inauguration ceremony was held in accordance with tradition, beginning with the college director, Dr Fr Arun Anthony Chully CMI, addressing the eager crowd by setting forth the college's policies and rules as well as introducing the faculty. The principal also shared the expectations and goals that the new students would strive to achieve during the course of the academic year. The principal's words provided a foundation of motivation, dedication, and enthusiasm that served as a benchmark for the rest of the years. He also encouraged the new students to build strong relationships with their peers and mentors who will be providing them with expert guidance and unconditional support throughout the year.

WELCOMING OUR FRESHERS
WELCOMING NEW BEGINNINGS

College life is not only about getting a degree but it"s also about the experience and the journey with all its ups and downs.

An exceptional freshers day was organized by the senior students for the new batch to welcome them with a warm heart to get them ready for the journey they are about to begin. The day commenced with the lights of the candles followed by some energetic dances and musical performances. With extreme zeal, the day ended with Aadi Hariyani of FYBBA and Erika Shaw of FYBBA(IB) being crowned Mr and Miss freshers of the year 2022-2023 respectively

" An exciting way to test my adrenaline rush "
- ErikaShaw

" Magic is believing in yourself, if you can do that, you can make anything happen. "
- Aadi Hariyani

CHRIST COLLEGE MANAGEMENT ASSOCIATION

CCMA stands for *Christ College Management Association.*
This association embodies all the students from the classes BBA, BBA IB, and BBA CA.

CCMA consists of 9 different houses that are named after prominent figures in the field of business and management. These houses are Owens, Weber, Elton, Dupins, Gilbreth, Drucker, Taylor, Kotler, and Hawthorne. The students of a particular year are divided into three houses respectively in order to facilitate maximum participation and learning

ABOUT CCMA

CCMA consists of an exuberant variety of activities that take place within the respective classes. The students compete with their peers, juniors, and seniors in challenging events that hone and test their business and technical minds. Along with participation, houses take on headfirst the responsibility to organize tasks, understanding the ups and downs planning an event brings along with it. The thought behind this initiative is to encourage co-operative learning which ultimately helps the students to work on their social, technical and emotional skills, the way they communicate, express and pass on information and thoughts to others effectively. It equips the students with leadership, entrepreneurial, logical, interpersonal, conflict management and the list goes on....

EARLS of CCMA

Alone we can do little together we can do so much

Introducing the coordinators of BBA
Reuben Samson (FY BBA)
Debangsu Das (SY BBA)
Bhumika Shetty (SY BBA)
Dhwani More (TY BBA)
Rahul Shetty (TY BBA)

Introducing the coordinators of BBA (IB)
Harnika Mandhre (FY BBA IB)
Hypatia Gomes (SY BBA IB)
Madhavan Raghavan (SY BBA IB)
Shweta Takale (TY BBA IB)
Vaseem Jafar (TY BBA IB)

Introducing the coordinators of BBA (CA)
Nikita Singh (FY BBA CA)
Jason D'soza (FY BBA CA)
Serah Varghese (SY BBA CA)
Darren Irudhyanathan (SY BBA CA)
Aroha Hiwale (TY BBA CA)
Shaun Gaikwad (TY BBA CA)

Coordinators' Oration

A genuine leader is not a searcher for consesus, but a molder of consesus

The best method for managing various activities, which are frequently provided on the spot, is CCMA. As the activities are carried out in groups, it trains us how to interact with various personality types. Overall, a solid effort to develop public speaking, critical thinking, and other skills

Dhwani More

The students' confidence and interpersonal abilities have grown thanks to CCMA. Additionally, it promoted teamwork among the students, giving each participant the chance to take part in various tasks. As a coordinator, CCMA has aided me in developing my leadership abilities and in developing new relationships.

Shweta Takale

The opportunity exists for learners to participate in and plan events through CCMA with their peers. Our activities emphasise students' holistic growth.

Shaun Gaikwad

CCMA *activities*

2022

DAZZLING *events*

An electrifying array of a large spectrum of occasions

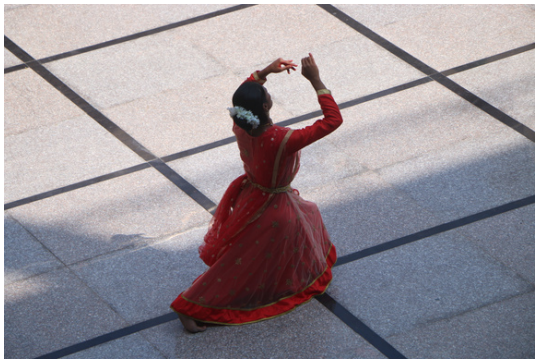

Aaghaaz

Aaghaaz is an intra-collegiate talent show that aims to identify, nurture, and nourish the extraordinary talents of Christ College Pune students. It is a festival with a variety of events in art, literature, and theatre. 'Aaghaaz' ran from September 24th to October 6th, 2022. All the SCA committees worked tirelessly to ensure that Aaghaaz was a memorable experience for our dear Christities.

14TH OCTOBER 2022

Bhasha Utsav

To celebrate our country's diversity, Christ college's Student Cultural Association organized BHASHA UTSAV (the ethnic day) on 12th November 2022 at the Christ College, Pune campus. India being a land of diverse culture and heritage has a very complex society. It is a homeland to countless religious, ethnic and cultural groups. No part of India looks like another. Our nation is filled with unquantifiable diversity, and we find unity and strength in it.

12TH NOVEMBER 2022

DAZZLING *events*

An electrifying array of a large spectrum of occasions

Avishkar

This event encouraged young inventors to come up with products and innovations that will be beneficial to society. The students who showcased their ideas were academically rewarded and those whose proposals were finalized and selected were given a prize money for their efforts. It was a great opportunity for students to bring forth their ideas spread awareness about them

13TH DECEMBER 2022

Gloria

As the spirit of Christmas exists in harmonious carols like those sung by angels on the day of Christ's birth. To celebrate this soiree we at Christ College Pune in association with the Student Cultural association have brought to you Gloria'22 - The Chorus of angels. This evening was planned to celebrate the spirit of the season, by harmoniously remembering the Joy of the Birth of the Lord Jesus Christ. Gloria is the melody and awakening of the Christmas angels.

10TH DECEMBER 2022

14TH OCTOBER 2022

BUSINESS PLAN EXHIBITION

BUSI MINDS

Capital is important for any business and so is experience. However, it is Ideas that matter the most.

The event began with an opening ceremony, followed by a speech from our Principal, Fr. Arun Antony Chully CMI, encouraging students to organize and participate in such events every year. Every student was assigned a space to display the poster and present his or her business idea. Each contestant had a unique business idea that could be implemented with a capital of less than ten lakh rupees. The students were ecstatic and confident in their presentations. The competition was a great opportunity for students to express their creativity and entrepreneurial spirit. It was a one-of-a-kind event that brought together students from different backgrounds and disciplines. The judges evaluated each presentation based on its creativity, innovation, feasibility, and potential impact. It was a tough decision as all the participants put in tremendous effort and delivered outstanding presentations. Overall, the event was a huge success, with the students enthusiastically participating and showcasing their potential as future entrepreneurs. It was an inspiring and motivating experience that highlighted the importance of innovation and creativity in today's world. We look forward to seeing more such events in the future that encourage and support our student entrepreneurs.

"Unleash your creativity, ignite the spark of innovation" with the collaborative initiative of the Department of Management and the Department of Arts, on the occasion of National innovation day "BUSI MINDS" was organized in an exceptional way.

Amidst the bustling college corridor,
Where students hurried to and fro,
Innovative ideas took center stage,
As countless minds began to glow.
With passion in their hearts and fire in their eyes,
They showcased their creativity and drive,
Each presentation a masterpiece of its own,
A true testament to the power of the mind.
As the event came to a close,
The air was filled with hope and inspiration,
For these young minds had shown us all,
The boundless potential of imagination.

The event drew about 80 students, with three winners chosen from each class:

(BBA)
Qausar Shaikh
Reuben Samson
Grace Joe

(BBA IB)
Harnika Mandhre
Khushi Dang
Erika Shaw

Seminars, Workshops and Symposiums

Interdepartmental Expert Talk

26th November 2022

: Ms. Assunta Mendonca Sandhir

Our federal Constitution embodies the idea of modern India: it defines not only India but also modernity.
— Pranab Mukherjee

It was an outstandingly well-planned and executed interdepartmental talk on "Awareness of Indian Constitution" for FY BBA, FY BBA IB, and FY BBA CA students. Ms.Assunta Mendoca Sandhir, Assistant Professor, Department of Arts, Christ College, Pune, was the session's resource person.It was an outstandingly well-planned and executed interdepartmental talk on "Awareness of Indian Constitution" for FY BBA, FY BBA IB, and FY BBA CA students. Ms.Assunta Mendoca Sandhir, Assistant Professor, Department of Arts, Christ College, Pune, was the session's resource person.The speaker explained India's sovereignty, secularism and democratic freedom during this session. She also educated the students on basic human rights once they reach the age of 18. The speaker also touched on sensitive topics like female infanticide, human trafficking and organ and flesh trading. The role of the government in ensuring the welfare of the state was also discussed.

5th December 2022

Guest Lecture

Emerging Renewable Energy Technologies in Rural Development

The event was amazing and a testament to the hard work and dedication of Christ College Pune's Department of Management which hosted a guest lecture on "The City and its Water: How are Cities Managing Their Water and Water Waste" for students of SY BBA(CA), FY BBA, and FY BBA (IB). Mr.Bejoy, who works in Pune, was the session's resource person.

The speaker provided insights into the relationship between the environment and development during the session. He is known to have performed water resource management research, with a particular focus on Peri Urban Bangalore. The students were enlightened on the potential for wastewater recycling as the speaker discussed the methods and benefits of this approach. It was an informative and engaging talk that left the students with a better understanding of environmental sustainability and its practical applications.

08 October 2022

The attention to detail and careful planning made this corporate talk a resounding success.

Mr. Sudarshan Sharad Nasery, Business Development/Sales and Marketing Manager of Thyssenkrupp Industries India, touched on the expectations which industries have for fresh graduates. Students learned about the skills they need to develop further, such as interpersonal skills, intellectual abilities, communication skills, in order to grow as individuals ready for the corporate life. The speaker also emphasized the importance of learning from our mistakes. The session was highly interactive, with students learning about the significance of bridge courses and the common mistakes and misconceptions graduates have during their early years.

Company culture is the backbone of any successful organization.

The students were given a unique opportunity to gain insights into the inner workings of the organization, including the work culture and the various roles within it. They realized how the evolving business landscape has necessitated a significant shift in talent acquisition strategies. The session was highly informative and the students were left with a greater understanding of the current state of the industry and necessary skills required to succeed in it.

The “Best Investment Options in India “ this event was hosted for SY BBA AND TY BBA students where Mrs. Suma Sunny, an independent writer, researcher, and financial journalist, served as the session's resource person. She is a regular contributor to leading Malayalam financial portals. The event took place on December 2 2022. She has over 20 years of experience as a stock trader and financial analyst.

During this session, she discussed the various factors to consider before investing in stocks, the various types of shares available based on market capitalization as well as the advantages and disadvantages of cryptocurrency. She elucidated why cryptocurrencies are illegal in India and other countries, the future of cryptocurrency and blockchain, as well as the various investment options available. The event raised awareness about cryptocurrency and the current investment options available to college students.

It allowed them to comprehend the various trading strategies and processes involved in investing via SIP as well as investigate the issues surrounding cryptocurrency ownership and crypto regulations in India. As a result, students learned the fundamentals of trading and profiting from stocks and shares. They can now decide whether dealing with cryptocurrency will be beneficial or if they'd rather pursue other investment options.

On October 17 2022, the Department of Management hosted a Guest Lecture for SYBBA, SYBBA [IB], and SY BBA [CA] students by Mr. Neeraj Thomas, the session's resource person, who provided students with valuable insights into CAT and other competitive exam preparations. Mr. Neeraj Thomas is an MBA, and competitive exam consultant from Educrack Pune with over 16 years of experience. He has significant expertise in the field of education and also advises students interested in pursuing higher education. This session addressed students' concerns about their career options after graduation.
He also emphasised the significance of reflecting on our own understanding of who we are, our preferences, and which stream best suits our interests.

Sir then went on to explain the importance of pursuing an MBA and how this postgraduate degree aids and boosts our ability to achieve our desired management goals and how getting an MBA immediately after graduation is more important than working before receiving an MBA. This session was truly eye-opening for many students.

The session was an overwhelming success, with attendees gaining a wealth of knowledge and insights into their career options and professional development. The speaker provided valuable guidance and advice on how to navigate the ever-changing job market and achieve their respective career goals.

11th November 2022

The corporate talk was a tremendous success, with attendees leaving the room feeling inspired and motivated, the topic being **"Dimensions of Organizational Culture and its Impact on Change Management"** for SY BBA students on November 11th, 2022. Ms. Devika Date, Business Associate Director, Human Capital, PWC was the session's resource person.

During this session, the speaker discussed how organisational culture distinguishes one group of people from another. Students gained an understanding of organisational culture, which encompasses the values and practises that guide and inform team members' actions. The speaker also discussed the various types of organisational cultures that aid in assessing strategic changes for fostering an environment, conducive to the team's success.

Students need to be made aware of organizational culture in order to gain a better understanding of the organization's values and practices, and have a clear understanding of how a team thrives within a positive organizational culture. Comprehending the significance of organizational culture in change management, is also an important takeaway from this talk. Attendees were thoroughly impressed by the quality of the corporate talk which was informative, well-structured and engaging from start to finish. It was brilliantly organized and executed showcasing the expertise of the organizers skills and the speaker knowledge.

Inspiring Experience of Rocket Science

Department of Management in association with Christ CollegePune organized seminar on Inspiring Experience of Rocket Science on 23th September 2022 for the students of FYBBA, FYBBA (CA), FY BSc (CS) and SY BSc (Reg). Mr. D S Antuvan, Senior Scientist (Retd) and consultant, VSSC/ISRO, Trivandrum, served as the session's resource person. The pupils' understanding and gain of insights into space science was aided by this lesson.

Personality Development

For all the students, this guest lecture was simply spectacular. Ms. Sneha Thomas, who is currently a French lecturer and a personality development coach at Ajeenkya D Y Patil University in Pune, served as the event's host. It assisted pupils in grasping the significance of interpersonal abilities, self-awareness, and other crucial life skills.

In addition, this session highlighted appropriate interview decorum.

Banking and Taxation

This instructional session helped students understand the role of banking industry and the importance of banking in the modern economy. It created interest among the students regarding the functioning of Stock Market Exchange and gave the students a clear idea on the functions of government and private regulated banks. The session's resource person was Asst. Prof. Bitto Benny.

Fundamentals of Business Accounting

The goal of this educational session was to teach students about the practical application of accounting. This session's goal was to teach participants how to gather and present financial data on a business's operations, finances, and cash flow. By the end of the lesson, students could think critically, apply financial theories, and assess financial data. Mr. Blesson James participated as the session's resource.

Entrepreneurship and Start ups

This lecture gave the students a practical grasp as well as the fundamental information needed to launch a business.
This session's main goal was to increase participants' understanding of the process of starting a business and entrepreneurship.
The importance and difficulties of beginning a business became clear to the students towards the end of the lesson. This session's resource people were Mr.Anandu Kumar and Mr. Peter Sabu

Be Aptimistic

This enlightening session was held for the students of SYBBA, SYBBA (IB), SY BBA (CA). The resource person for the session was Mr. Nitin Rathod from Edu crack who has 16+ of experience in this field. This session helped the students to understand and get insights of how to prepare for Competitive exams.

XLLENZ 2022

Intra College Fest

XLLENZ 2022 was an was an event conducted by the students of Christ College Pune for the MBA students of Lavasa. This event consisted of a variety of activities that aimed to broaden and challenge the scope of the participants.

Events focusing on the factors related to management were :

- Human Resource
- Finance
- Marketing
- Business plan
- Best entrepreneurs
- Best analyst

"Move forward. Good things are up ahead."

OUTREACH PROGRAMS

7TH DECEMBER 2022

Digital Literacy Program

'Digital Literacy Program' was an awareness programme beautifully organised on the occasion of 'Computer Literacy Day' on December 7, 2022

Through this program, students demonstrated the use of various mobile applications such as YouTube, WhatsApp and the Alarm app to senior citizens at the Palace View Society in Kalyani Nagar.

The event turned out to be a great success, as the old folks were thrilled to learn about new technology that could improve their daily lives and communication with others. They were able to gain a better understanding of the precautions necessary when using these apps, and felt more confident in using the various technologies following the briefing. Overall, it was a highly informative and valuable experience for all involved.

With the advancement in technology over the years, we now live in a world that is both enriched and burdened by computers and gadgets. The domination of technology in our everyday lives highlights the importance of digital literacy not just for adults but also children.

Blood Donation Camp

The Department of Management and the NSS unit of Christ College Pune, in collaboration with Akhil Bhartiya Terapanth Yuvak Parishad, held a blood donation drive on the Christ College campus on September 17, 2022. Blood donation is beneficial to one's health. It lowers the chances of developing hemochromatosis. After donating blood, the body will replenish the blood loss , by promoting the formation of new blood cells. Christ College's blood donation camp, in collaboration with NSS, successfully collected 106 units of blood.

The camp began at 10 a.m. with a brief inaugural ceremony addressed by Principal Father Arun Antony to the team of 8 medical staff members, including three doctors and two assistants, as well as three helpers from the community with Pimpri Yashwantrao Chavan Memorial Hospital. The NSS team of ten members were also pre-programmed to assist with the drive. The doctors first clarified the students' doubts before providing health education on the facts and myths of blood donation. The NSS also provided refreshments to all students who volunteered to donate blood. Blood donors were given a certificate following their donation.

This drive created a sense of awareness within the students that " the blood you donate gives someone another chance of life" .

- Understanding the community in which NSS volunteers work and understanding oneself in relation to one's community.
- To assist people who require blood during serious accidents or who are suffering from certain diseases.
- Many students were able to understand the significance of blood donation and dispel myths about it.
- Students were able to comprehend the situations in which people require blood transfusions and how such activities benefit those in need.

The students were able to connect with the community and learn about its needs.

13th October 2022

Cyber Security Awareness Programs

It takes 20 years to build a reputation and few minutes of cyber incident to ruin it.

Cybersecurity Awareness Month is observed each October by both experts and amateurs in the field. Cybersecurity Awareness Month, supported by the National Cyber Security Alliance and the Cybersecurity & Infrastructure Security Agency (CISA), calls on enterprises and individuals to take responsibility for safeguarding their respective swaths of cyberspace.

Currently, the general public, students, and professionals all have serious concerns about cybersecurity. Christ College in Pune staged a street play on cybersecurity to raise awareness of cybercrimes, cyberbullying, and cybermobbing among professors and students. In honour of Cyber Security Awareness Month, the street play was presented to children in Classes 5 through 8 at St. Arnold School. Furthermore, the street play was performed on campus to raise awareness among young people.

A robust cybersecurity programme must be able to not only prevent and withstand assaults, but also recognise them, respond to them, and resume normal operations with the least amount of interruption. Being aware of the threats and vulnerabilities that already exist is the first step towards lowering the risks associated with cybersecurity.

Industrial visits

Katraj Dairy

24th September 2022

The industrial visit to Katraj Dairy was an excellent way to give the students a fascinating glimpse into the workings of the dairy industry, leaving them speechless and appreciative of the industry's operations. This visit aimed to give the students a practical experience of how things work in a factory and to create a great learning experience. An Industrial Visit for Supply Chain Management was organized for students of the courses SY BBA and SY BBA on September 24, 2022. (IB). Katraj Dairy in Pune, hosted the industrial visit. During the visit, a brief overview of the dairy's processes and operations was provided. Everything was thoroughly explained, from the supply of unfiltered and raw milk to the packaging and delivery.

Mapro

14th October 2022

This industry visit was an exciting and informative experience that gave students a unique perspective on the workings of a real-world business. Students had a blast on the industry visit, which was not only a lot of fun, but also provided them with invaluable insights into the inner workings of the industry. The Department of Management organized an Industrial Visit for students of the courses TY BBA and TY BBA(IB) on October 14, 2022, accompanied by the faculties Mr. Santosh Lal and Ms. Wilma Dias. The industrial visit took place at the Mapro WI-Plant. During the visit, a brief overview of Mapro's processes and operations was provided. Mapro is well-known in western India for their variety, quality and innovative processed fruit products.

Suzlon

4th December 2022

The Industrial Visit to Suzlon was both intriguing and enlightening. This student was held exclusively for SY BBA students with a specialization in Finance. This visit was designed to help students understand how a company works, the employee hierarchies, and the company's principles and objectives. These teachings concerned the company's finances, including where money came from and how it was allocated to the top priorities at the time.

25th November 2022

PLACEMENT DRIVE

26 students attended the thriving eventt held by KPMG. Out of all, 10 most outspoken students got selected.

The students are
Cheyanne Saldanha
Suruchi jha
Isha D'Cruz
Nirmal Alay Bhatkor
Vamica Phalke
Ganesh Mahadk
Mansi Nege
Devesh Chetan Shah
Anicia Bernard
Shaina Sharma

A fantastic placement drive was put together for our students where the speaker was Ms. Pooja Singh, who, along with her team members Ms. Kruti Pancholi, Ms. Priyanka Mishra, and Ms. Yashika, presented comprehensive details about KPMG and the job role on offer.

The presentation covered topics such as the company's history, services and its impact on the global business landscape. The students had the opportunity to interact with the KPMG representatives and gain valuable insights into the recruitment process.

Department of Management in Christ College, Pune, has opened up new avenues for students to explore and expand their horizons.

PLACEMENT DRIVE

45 students attended this triumphant placement drive conducted by Rebel Foods.

The students that outshined the rest are:

Yash Chopra
Tanu Agarwal
Shubham Vaishnav
Priti Ohol
Suruchi Jha
Om Odelwar
Justin Gilbert
Jyoti Rajak
Tanishka Bajpai
Aman Shaikh
Sanskriti Singh
Kusum Yadav
Gautam Narella
Mansi Nege

It is exciting to see how such events are playing a crucial role in shaping the future of the next generation of professionals. The students look forward to more such initiatives that offer them the opportunity to learn and grow in their chosen careers. These drives offered a platform for them to understand the skill sets required for the job and the challenges and opportunities associated with it. The recruitment events were a success, with students showing a great deal of interest and enthusiasm. They were a great opportunity for students to connect with the companies and learn about the various professional opportunities that they offer.

Students' Testimony

ALI HAIDER: TY BBA (IB)

My college experience at Christ College, Pune has been nothing short of amazing. One of the most valuable aspects of being here is the opportunity to learn something new every day, both inside and outside the classroom. While academics is important, the college also encourages students to participate in sports, events, and fests, creating a dynamic and enriching atmosphere that keeps us engaged and motivated. Personally, I have been fortunate enough to be a part of several management fests, college events and the student council, which has allowed me to explore my interests, develop new skills, and connect with like-minded peers. It has been a truly incredible experience that has shaped me into a more well-rounded and confident individual. To all the incoming juniors, I would highly recommend making the most of your time at Christ College Pune. These three years may fly by, but they are filled with countless opportunities for growth, learning and fun. Embrace the experience, push your boundaries, and be proud to call yourself a Christite!

RAHUL SHETTY: TY BBA

My journey at Christ College Pune has been remarkable. It began amidst unprecedented times when the pandemic brought about a shift to online learning. It was a unique and inconvenient experience, I felt a sense of detachment from my classmates and the campus community. I craved the social interaction and liveliness of the traditional classroom experience. Fortunately, as the pandemic situation improved, our college resumed in-person classes, which brought back the vibrancy that I had missed. Being able to interact with professors and peers in real-time allowed for a more engaging learning experience, with a mix of academic and practical components. My overall college experience at Christ was truly enriching. I had the opportunity to participate in several events and competitions, which helped me develop my leadership and teamwork skills. My involvement in the student council and volunteering for various college events allowed me to contribute to the community and develop a sense of responsibility towards it. As I prepare to graduate, I feel immense pride in being a part of Christ College. The academic and personal growth that I have experienced throughout my time at the college is something that I will always cherish. I know that I will take the valuable lessons and experiences with me and carry the tag of being a CHRISTITE with honor and pride.

"All experience is an arch wherethro' gleams that untraveled world whose margins fade forever and forever as we move."

The Department of Management encourages students to participate in all inter- and intra-college activities. The management firmly believes that winning is always a bonus (though encouraged) but showcasing skills and using the platform to grow is the primary goal. The most important thing to remember here is that the competition process is a journey, not a destination.

Business finance has always piqued my interest, which is why I decided to take part in the contest, which turned out to be one of the best decisions I've ever made. The competition began with a two-round business plan competition. The first round included 30 participants was to give a lengthy presentation focusing solely on economic details and business etiquettes. The second round was limited to 15 participants, and we had exactly 60 seconds to present everything comprehensively. The judge, an investor, questioned us what we presented and graded us accordingly. It was an exciting experience that taught me a lot about other aspects of finance. Now I'm even more eager to learn and improve my business plans and strategies.

Raoul Dcunha FY BBA (IB)

The enjoyable nature of the competition took me by surprise which lead me to give it my all. I am quite glad that I got the opportunity and encouragement to participate in such events.

Priyanshu Srivastav SY BBA

Looking back on the day of the event, I am filled with pride and gratitude, as I was the one who made an impact and proved that anything is possible if you believe in yourself and never give up.

Amaan Jaferry FY BBA (IB)

The experience was amazing and it was something that added to my learning curve. I'm filled with pride and gratitude because I was the one who made a difference and demonstrated that anything is possible if you believe in yourself and never give up.

Achievements

"Winning doesn't always mean being first. Winning means you're doing better than you've ever done before."

SUPER MOM

I miss you maa
Aur har takleef mein lagta hai kaash tu yaha pe hoti
Jaise bachpan mein manati thi
I wish tu wapis le leti godi
Apne looks ke baare mein tujhe kuch bhi puchna bekar
Kyunki main kitna bhi bura lagun tu bas yehi kehti hai
That my son is a superstar
Gazab ke hain kitchen mein tere saare stunt
Aur jagah jagah pe your hands are burn
Tujh mein superman aur spiderman se zayda shakti hai maa
You're the ultimate superwoman
Piche padi rehti hai ke kar na ye dadi clean
Aur saare sildiye meri maa ne mere expensive fate huye jeans
Kitna bola nahi khana hai I'm trying to be lean
Par rotiyan aana band nahi hoti hain
Kehti hai ghee mein hota hai sabse zayda protein
Tere bina adhoore hain maa mere ambition mere sab dream
Akela ladne ki taakat nahi hai mujh mein
Every second I need your blessings
Jo tune kiya woh meri samjh se bahar ka hai
Mujhe actually mein nahi hota yakeen
When was the last time you've bought something for yourself
Bade se bade darr maa tere saamne kaha tikta hai
I don't how you do all these things
Ye sab lagta mujhe magic trick sa hai
Ye relation, sacrifice, pain, sweat
Aur aansoon'on se bane bricks ka hai
Tere saamne saare rishte fike lagte hain maa
Sab ke sab lagte hain fake
Jo ban pada tune woh sab kiya
Na jaane kitne jalaye hain mere liye diye aur mombattiyan
Bina liye raaton ko jhapkiyan
Tune pattiyan laga kar bukhar mein sulaya hai mujhe dekar japhiyan
You gave me values, talents, strength
Ye jadoo maa tune kab kiya?
Shayad possible nahi tha upar wale ka har jagah hona
Isiliye usne yujhe dedi apni saari shaktiyan
I'm sorry maa
Ke bhool jaata hoon tujhe wapis karna phone
I'm sorry kabhi kabhi rude hojata hai mere baat karne ka tone
I'm sorry ke tujhse zayda important ho jaate hain mere dream aur ambition
I'm sorry ke shayad nahi ban paa raha hoon
Main tera woh perfect son
Main bolne ki bhot koshish karta hoon
Par pata nahi kyu ruk jaata hoon main
Ke mujhe bhot zayda teri yaad aati hai maa
Uss din se main darta hoon jab nahi lagega tera phone
Aur automated awaz bolegi
The person you're trying is gone
Ye darr mujhe hamesha satata hai maa
I'm scared of being alone
You're the reason I'm alive
Maa tere bina mera hai kaun?
Main janta hoon ye sab maine pehle bola nahi hai
That's little overwhelming for you
Lekin bhot dino se mujhe yeh bona tha
Bhot samay se tha ye sab due
Ke tu hasti rahe healthy rahe khush rahe
Uparwale se main yehi karta hoon pray

Saaju Johnson (SY BBA IB)

Have you ever wondered?

Is it just me or do you as well think?
Why is it that we are, the way we are today?
Have you ever wondered,
What if, we had 2 heads instead of 1?
Cheating would be so easy,
as teamwork always pays.
What if, we had 3 legs instead of 2?
Running would be all it takes to reach your place without getting late!
And having 4 hands?
It would just make multitasking a piece of cake
As I wonder and wonder, I wonder again.
What if, you and I and were identical,
would it be easy to differentiate in anyways?
I can only keep wondering as it can never happen because imagination and reality are very far away.
So I wonder one last time.
Have you ever wondered the same?

Vishnulakshwarya Nadar (FY BBA CA)

Misfit

I always look around,
and constantly hear that sound.
"You cannot fit into the crowd."
I swear it was so loud.
They yelled that you're not the same as others,
But what did they know, I was born with golden feathers.
With the dream of building castles in the air and balancing my fumbling fantasies,
I managed to grow without holding up on my anxieties.
My floating bubble was very fragile.
Just one prick and the bubble will no more be agile.
But that very bubble grew up to be strong day by day,
The fragility vanished and robustness made its way.
It was hard for them to believe that I was different, unique and rare,
Because things are not always fair.
I didn't belong so I created my own crowd,
And trust me, now the voice of my crowd was even louder than the loud.

Natalia (SY BBA IB)

A Teacher's Love

Teachers paint their minds
And their thoughts,
They share their achievements,
Advice their faults,
And inspire a Love,
of knowledge and truth.

They light the path,
Which lead the youth,
To brighten their future,
With each lesson they impart.

Every smile they lengthen,
Every goal they help achieve,
To the birth,
of each poet, philosopher and king;
Begins with a teacher,
And the wisdom they bring.

Christina Gospel (FY BBA CA)

The Stars

With millions of problems and
Unending thoughts,
I take a pause to gaze at stars
Although stones.
Although not forever,
Yet they shine
With no worries,
With no fears
They do their part to shine bright
Inspiring millions,
who gaze at them
Reminding billions,
To shine like them.

Laxmipriya (FY BBA CA)

Be kind!

In today's world, outer appearance has become more important than inner appearance. You are judged on what clothes you wear, how much makeup you put on, the color of your skin, your financial status, your weight, etc. Why do people judge? To make themselves feel better? Judging others has become a trend now. The truth is people are going to keep doing it. ALWAYS!! They will judge you no matter what you do. So why not stop bothering about them and be good humans?
Do you know what matters the most? A clean heart. Your inward appearance is important. Be kind to everyone, and treat elders with respect. Kindness costs zero rupees. Posting on social media something and being something else in real life is not a good thing. Even posting every move on social media has become so popular. People sometimes post all kinds of lies on social media and their life is the exact opposite.

Do you need a better life? Follow this:
1] First learn to appreciate yourself. Be kind to all and accept them for who they are.
2] It does not matter how thin you are, how chubby you are, rich, poor, fair, or dark, you just need to be yourself.
3] Don't ever let your self-confidence shatter. Wear that crown high!
4] Don't ever bother about what others talk to your face or behind your back.
5] This is life. Don't forget it. You have to get through all the difficulties and prove how strong you are.
6] Self-respect does matter. Always keep in mind that ego and self-respect are completely different.
7] It's okay to not be okay.

Deborah Reeves (SY BBA)

Irony of life

I woke up from the loud sound of cars;
Remembering the nights full of stars.
The sun was in the sky showing his own glory;
And here am i finding my own story.
I tried hard, to fit in yet faced another fail;
That's when i knew life isn't a fairy tale.
My mom taught me never to stop the trying;
That one day I'll be the one flying.
Seeing some bikkers finding their pillion;
Or some influencer hit a million.
I looked at the sky filled with life;
Yet to see the people with agony and strife.
There were news of so many crimes;
Making me think of all the old times.
People say that happiness is free;
But then i look at the world and feel like oh now i see!!
That's when i saw the happiness in the eyes of the innocent child;
And the old lady singing in the wild.
Thats when it clicked that if you look closely life can be fun;
Not just for some but for everyone.
Its ok if the road for life is bleak;
Or if you actually feel like a freak.
Even If the stars stop shinning;
And you just feel like whining.
Its ok to cry but if it just doesn't be the same like a pair of mismatched socks;
Or a diet conscious goldilocks.
Its almost dawn i looked up and thought what a sight?
Yet there were still some unanswered plight.
Now i see the sun again shinning with his glory;
And I'm now writing my own story....

Harnika Mandhre (FY BBA IB)

Do you have the time?

I think you can tell a lot about a person by the way they talk about time.

If time is something linear or cyclical.
If they talk about their lives as though
It goes through seasons the way nature does or if it is something ever-growing, always moving forward.

If they talk about failure as though
It is several steps back on their timeline or simply a change of course.

If they describe the day according to
the clock or the sky.
was it 5 am or dawn?
8 pm or twilight?

I love to notice whether they speak as though the hours ahead are an opportunity or if they are an order.

I love to wonder,
Is time something that carries them
or something they are carrying?

I don't know what to do with this knowledge.
I just like having it.

I just like the thought that I can tell something
other than the time.
