FINANCIAL SUPPORT TO UNDERPRIVILEGED STUDENTS

DATE: 8th December, 2020 to 5th July 2021

Beneficiary: 45 students

After the outbreak of COVID-19 pandemic, schools across the country shifted to online classes to avoid gatherings in schools. But an underprivileged section of society has not been able to cope up with the expenses of online education. The parents of these economically backward students who were already under debt and struggled through the lockdown were not able to afford online education for their children. With an aim to help the children of such families, the Management of Christ College Pune took an initiative to extend financial help to them. Accordingly, financial help in cash was distributed to 45 students of class VIII – XIV, to meet their expenses for data recharge for their online education classes. Consequently, with this financial support these students belonging mostly to poor and underprivileged families could continue their online studies without any difficulties.
