Director's Message

Dr (Fr) Arun Antony Chully CMI

College life is undergoing some paradigm shifts just like the world outside the walls of the campus! The new world promises exciting opportunities and poses many challenges. When face to face teaching learning process shifted to virtual and digital, quite a few struggled, moved, complained initially, but gradually adapted. For some it opened new vistas of learning and growing while for some others it stunted their development. When context changes, its impact to individuals differs based on one's response to it. This is true for businesses, communities as well as individuals.As social science students, one must be open for changes, wise to analyse and understand the paradigms of changes and persistent to imbibe and adapt to the new behaviours and habits required to be effective in a changed context. Christ College aspires to create an ecosystem that supports the students and staff to respond proactively and positively to changes and develop themselves.

The Department of Arts of our campus is at the forefront in developing mechanisms and processes to support all students to groom themselves to be future creative leaders with appropriate skills sets, knowledge and attitude. I would consider "Prism" as a pioneering & another endeavour from the Department to provide opportunities for the students to explore and exhibit their innate literary and creative talents. Creating content, digital design, analysis of the world around, research are a few much needed skills that are addressed when one is associated with creating a magazine. I hope all students become co-creators of this initiative and develop themselves in the process. I congratulate the team who have worked hard to make it happen and the faculty members who have envisioned and coordinated the process. All the best for this to be a sustainable initiative by the Department with relevant and enjoyable content for all the stakeholders.

We are extremely delighted to Publish our first college E-Magazine, "Prism". The theme *Explore & Exhibit* amply expresses the educational philosophy of Christ College Pune; i.e. *Exploring* the hidden talents of students and to *Exhibit* to the world and enrich the universe and partake in God's creative process. As we know, Life is a ray of events and a prism will spread colours to it and make life more beautiful.

We doubt this creative endeavour will bring out an array of artistic and creative expressions with distinct individual signatures. I do appreciate and applaud the editorial team for their successful completion of this edition. Yet dreaming task of passing together the myriad thoughts and dreams of our students and finalising into a meaningful and delightful visual fest called 'Prism'.

Students' Editorial

Dear Readers,

Greetings!

Session 2019-2022 has been challenging but rewarding too. We had our shares of many hurdles during the pandemic but we still didn't give up. Christ College, Pune has a glorious history and tradition. With immense pleasure we're happy to announce that the Department of Arts is thrilled to add to these traditions by publishing these departments first Annual Magazine, PRISM. PRISM nurtures all the enthusiasm from the department who have expressed their emotions, opinions, love and hope in painting, poetry, pictures, prose, doodle art and much more. The Department of Arts is a cluster of like minded folks discovering each other's latent talent and encouraging them to display it. PRISM brings forth the panorama of views that each one has to share. This magazine is an initiative to ignite the creative interest in students and give them a platform to express. With great joy we're pleased to say that in the few attempts until we've successfully accomplished these objectives. The reflection of our students creativity and efforts are the quintessence of the magazine. We present this magazine as a joint effort of the Editorial Board. Congratulations to the entire team! We also like to thank all the other dignitaries for sending their best wishes for the magazine. "There are no shortcuts to any place worth going." - Beverly Sill

Leftover Love

I guess it took me a long time to realize
I know we were cute
I know we were clumsy
But I knew it was cute
&
I know it was love

Today sitting alone in the balcony
I realized "How Time Flies"
Today after talking to you
I realized "It was all real, not just my
Butterflies"

I know we are all grown up now
I know our paths are different now
I know it's all over now
But I wish I had enough courage to talk to you
At that time
When we both had time

Poem

I Wish I Had Never Met You!

You, you used to set my soul on fire
You were like the light to my darkness
And a firefly to my night sky
You were the rays of the sun
And she wave to my sea

I was the sailor going through all the
Hurricane and storm
I was the gaze to the constellation
You were the grass beneath me

One fine day
The sky broke out, with vigorous
Wall storm, glaring heat and uncontrollable storm
The heart which once used to pick it's rate suddenly
The ray of hope died
The world became numb
And that was the moment, I felt nothing at all
The whole world judge
I wept for love and not sympathy
I tried painting the seven band with colour
But it remained blank

Soldiers Never Die

As I saw you in that brown box,
Draped peacefully
Your motionless body was wrapped in our tricolor
Representing your bravery
All our memories suddenly flashed in my mind
But I know you're still with me
And you'll be with me till the sun rotate and the
moon shines
I know you'll be there every time I'm in need
I was once your 'LADO RANI' and now
I'm a proud daughter of a SHAHID
But I know you'll be with me
In our every heartbeat
'cause soldiers never die
That's why they are called 'SHAHID'

A Stranger
Today, I met a girl, whose face was pale,
Seeing me she let out a wail.
The girl was very afraid,
Her smile was also fade
I cried asking if everything was okay,
But she was consumed by her dismay.
After a while she stopped,
Looking at me she suddenly smirked,
Amazed at her actions
I asked her for the reasons.
She told me she was living
She didn't look anything unsettling.
I felt her confidence wobble,
And asked for the cause of her trouble.
She talked about her flaws, sadness was present,
She was lukewarm, but in less mood, self-doubt was
planted.

Feedback Summary

Name of the Team	Share your thoughts on the conduct of such activities for the students of business and management.	Suggestions, Recommendations or Comments
Money Magnates	This activity was very very helpful for us students to discover investment and learn about it so that we could make profits	One of the best competitions
Indiana Traders	Yeah it is very important to conduct this type of activities for financial knowledge among students.	This was a great competition. Next time should be on real market
Team Ogygoptynx	Activities such as these are really helpful and out of the box. For us management students not only are these challenging but also a great way to see how things work practically without all the risks.	Overall, it was a great activity though one later realises that it is not the win that counts but the determination to keep going till the end. Long events like these demand commitment and enthusiasm. Overall, it was a great activity thanks to the organising committee and their constant guide Professor P

Dynamite	It is great learning experience one understand how the market works the volatile nature of the market moreover the decision which one needs to take makes the whole experience challenging	Dunng these 7 days there were a lot of changes that took place in the market. More than looking at it as a competition it was a great learning experience about how one wrong /right decision can make you lose money or gain money. Thank you for conducting this activity
Compounders	It really helps students of business & management by getting knowledge about the business markets, stocks and so on Also helps to improve in business skills	Could've extended more days of trading
Hang Seng	This activity was really helpful, as from this we could learn more about trading, the strategy to be used, and how to understand the graph and invest rightly. These activities should be conducted more often	Money Yahoo site is pretty laggy, so sometimes the accurate price is not shown
Market Wizards	Such activities provide practical knowledge and encourage to know more about the market conditions, government policies, trade practices and investment behaviour.	More participation of students for encouraging them with the competition.
Binary Brothers	These activities should be conducted as it increases the students extra knowledge	First it should be taught and then maybe we will perform more correctly

Dear Sir,

Greetings from Board of Industry- Academia Partnership!

We hope you and everyone at your end is safe during these repulsive times.

Board of Industry-Academia Partnership (BIAP) is a youth organization that has been closely related with various Corporates, Institutions, Associations, Colleges, Co-working spaces, Government Organizations with the aim of spreading awareness on various Finance related subjects.

Every organization as of now only has one aim which is to win this battle against COVID-19. Even in times like these, we at BIAP strive to bridge the gap between the Industry and Academics with our dedicated initiatives.

The COVID-19 Pandemic has been an unprecedented crisis and it has not only impacted our health but also our education, wealth and the economy as a whole. PriceWaterhouseCoopers (PWC) – 10th Annual – Employee Wellness Survey 2021 revealed some thought provoking results. After a year of COVID-19 disrupting people's lives, finances are the top cause of employee stress, even above job, health, and relationship stress combined. 57% of employees say that their financial stress has increased since the start of the pandemic.

The PWC Employee Wellness Survey 2019 studied a very interesting correlation between the degree of care the employer has about the financial wellbeing of an employee and his loyalty towards the organization. Forty-six percent of Millennials and 44 percent of members of Generation X (compared with 30 percent of Baby Boomers) polled in the survey said loyalty to their employer was influenced by how much the company cared about their financial well-being. Majorities of all three age groups (61 percent of Millennials, 75 percent of Generation X and 52 percent of Baby Boomers) said another company that cared more about their financial well-being would be more attractive to them.

Therefore, in the growing era of corporate scams and accounting scandals, self-awareness and adequate knowledge in the field of finance is extremely necessary. Each one of us needs to plan our financial goals for which knowledge about financial products is a must.

It will help every individual to make independent decisions and plan out for the future in a better manner. These sessions are supported by various stock exchanges and financial institutions under SEBI's Investor Education & Awareness Initiatives.

A virtual awareness program is an attempt to clear out the misconceptions in the minds of investors, channelize their investments, make them aware about various asset classes, and equip them with enough financial skills so that they are financially safe.

Notable Corporates Covered by us: WNS Global Services, Duruo Industries, Cred, Workaquare, MRF, Wellness Forever, P&G India Ltd., Nestle India Ltd., Swiggy India Ltd. etc.
