Activity Report

REPORT HANDS ON – WHAT IS PYTHON WORKSHOP

DEPARTMENT OF SCIENCE
21st SEPTEMBER 2022
Attended by: TYBSc(CS) students.
Organized by: Christ College, Pune

About the Activity:

General Report:

The Hands-On Python Workshop is an interactive, practical training program designed to introduce participants to the basics of Python programming. This report aims to provide an overview and analysis of the workshop, highlighting its objectives, structure, and impact on learners.

Aims & Objectives:

a) Introduce Python as a versatile programming language.
b) Develop participants' ability to write Python code effectively.
c) Cultivate problem-solving and logical thinking skills.
d) Foster collaboration and knowledge sharing among participants.
e) Enable learners to build useful applications using Python.

Learning Outcome:

1. Fundamental Understanding
2. Practical Application
3. Collaborative Learning

No. of students benefited: 40

Mr Biju giving hands on training on what is python.

Summary / Feedback:

The Hands-On Python Workshop provides an engaging and effective learning experience that empowers participants to acquire essential coding skills. Through its interactive structure, practical exercises, and collaborative approach, learners gain a solid foundation in Python programming, enabling them to confidently explore and apply the language in different domains. The workshop's impact on participants is evident through improved problem-solving abilities, increased confidence in coding tasks, and enhanced career prospects in the digital landscape.
